Kevin and Silvia,

I am sorry I have not been able to respond sooner to your calls and emails. I have attached a set of comments regarding the signage. Regarding the other drawings, I don't see anything that stands out but to be honest it is hard to read the plans on my small computer screen. So I believe at this point it would be best if you could make the signage plan changes and then send us a full-size, hard copy set for plan review.

Regards,

Ellen: I hope you are well. Do you have a rough time frame on when you might be able to get back to us with comments on the landscape and irrigation drawings? Mark and Redwood City are both anxious to move forward. Do you need anymore information from us?
